

Integrated Management System Policy Quality, Environmental and Health & Safety

At Amber Foods Ltd we are committed to provide safe and healthy working conditions for the prevention of injury and ill health and to provide efficient and sustainable waste brokerage services that consistently satisfy customer requirements and applicable legal and other compliance obligations within a framework of an integrated Quality, Health and Safety and Environmental Management System.

This is achieved through our commitment to continual improvement by setting objectives and targets to enhance the performance of our activities and is continually reviewed for effectiveness by our audit and management review processes in accordance with the strategic business direction.

Our system promotes the elimination of hazards, the reduction of risk, protection of the environment and pollution prevention, waste avoidance, efficient recycling and recovery services and minimises the use of natural resources through the adoption of best practice through consultation and participation with employees, contractors and stakeholders.
